

## **A Guide for Corppass Admins: Manage Assignment Profile of Sub-Admins**

This guide contains the following sections:

## **ADD ASSIGNMENT PROFILE**

## **MANAGE ASSIGNMENT PROFILE**

By default, all Sub-Admins can manage and assign their entity's digital services. These assignment rights can be controlled through the Sub-Admin Assignment Profile, which allows Corppass Admins to restrict the digital services that can be managed by each Sub-Admin. This may be applicable to companies with distinct department segregation.

Sub-Administrator accounts with restricted access will not be able to:

- Manage and assign entity's digital services outside his Assignment Profile
- Manage users' access to digital services outside his Assignment Profile
- Authorise and manage Third Party Entities
- Manage and assign Client Digital Services
